LOWRANCE DENTAL

Child Complete Tier Details

You'll be able to get two professional cleanings for your children every year. It's typically suggested to schedule one every 6 months.

We know emergencies happen, so this plan includes a free visit once a year if or when something unexpected happens.

Once a year, one of our Dentists will do a nice thorough exam just to make sure nothing out-of-place is going on.

Any additional procedures will also be given a 15% discount.

Getting to eat sugary snacks and drinks is a part of what makes childhood so fun! But, habits like that can wreak havoc on teeth and weaken enamel. Therefore we offer 2 Fluoride treatments every year to help strengthen young teeth and reverse early signs of decay.

Also included is one round of routine x-rays every year to help keep track of everything going on in your kid's mouths.

If any other member of the family chooses to get their own membership, they'll be given a 5% discount.
